

Day 1 22nd September 2022			
	08.00am- 08.30am	Welcome speech by the president CPSL Introduction	Dr Sonali Rodrigo Dr Eduardo Calonje
Salivary pathology	08.30am- 09.15am	Salivary pathology: diagnostic approach, updates and challenging cases to salivary gland neoplasms	Dr Selvam Thavaraj
Odontogenic tumours	09.15am-10.30am	Diagnostic approach, update and challenging cases in odontogenic tumours and cysts	Dr Selvam Thavaraj
	10.30am- 11.00am	Tea	
H&N HPV	11.00am- 12.15pm	HPV testing in head and neck pathology	Dr Selvam Thavaraj
H&N Dysplasia	12.15pm- 12.45pm	Update on oral and laryngeal dysplasia	Dr Selvam Thavaraj
	12.45pm- 01.45pm	Lunch	
Macroscopy	01.45pm- 03.00pm	Macroscopic handling of complex head and neck specimens	Dr Selvam Thavaraj
H&N soft tissue	03.00pm- 03.30pm	Diagnostic approach to soft tissue tumours and tumour like lesions of head and neck	Prof Chandu de Silva
	03.30pm- 04.00pm	Live Stream Q & A– Head & Neck Pathology	Dr Selvam Thavaraj Prof Chandu de Silva

Day 2 23rd September 2022			
	09.00am- 10.00 am	Symposium on diagnostic approach and management of occult primary and metastasis to and from head and neck	Dr SBK Gamage Dr Mahilal Wijekoon Dr. Kanishka De Silva Dr Priyanka Abeygunasekara
	10.00am- 10.30 am	Tea	
	10.30am- 11.00am	Systematic approach to medical liver biopsy interpretation	Prof Alastair Burt
Medical liver biopsy	11.00am- 11.30am	Diagnostic approach to autoimmune liver diseases	Prof Alastair Burt
	11.30am- 12.00pm	Recent updates on fatty liver disease	Prof Alastair Burt
	12.00noon- 01.00pm	Lunch	
Mass lesions liver	01.00pm- 01.30pm	Modern approach to the pathology of hepatic mass lesions	Prof Alastair Burt
	01.30pm- 02.00pm	Current status and practice of liver biopsy interpretation in neonates and children	Prof Alastair Burt
	02.00pm- 02.30pm	Diagnostic challenges in interpretation of liver biopsies – case-based discussion	Dr Mangala Bopagoda
	02.30pm- 03.00pm	Live Stream Q & A on Liver Biopsy Interpretation & Hepatic Mass Lesions	Prof Alastair Burt Dr Mangala Bopagoda
Pancreatic pathology	03.00pm- 03.30pm	Recent advances in pancreatobiliary pathology	Dr Antony Darne/ Beate Haugk
	03.30pm- 04.00pm	Updates on cystic and intraductal neoplasms of the pancreas including PanIN	Dr Antony Darne/ Beate Haugk
	04.00pm- 04.30pm	Interpretation of pancreatic EUS guided fine needle biopsies (EUS FNBs)	Dr Antony Darne/ Beate Haugk
	04.30pm- 05.00pm	Live Stream Q & A – Pancreatic Pathology	Dr Antony Darne/ Beate Haugk

Day 3 24th September 2022			
Transplant pathology	07.15am- 09.00am	Oral presentation	Local session via zoom
	09.00am- 09.30am	Overview of renal transplant pathology and approach to post- transplant renal biopsy	Prof Ian Roberts
	09.30am- 10.00am	Diagnostic challenges in post- transplant renal biopsy interpretation	Prof Ian Roberts
	10.30am- 10.30am	Renal Transplant Pathology in Sri Lanka. Challenges we face	Prof. Sulochana Wijetunge
	10.30am- 11.00am	Tea	
	11.00am- 11.30am	Approach to post transplant liver biopsies: rejection	Prof Alastair Burt
	11.30am- 12.00am	Approach to post transplant liver biopsies: other complications	Prof Alastair Burt
	12.00noon-12.30pm	Lunch	
Pancreatic pathology	12.30pm- 01.00pm	Interactive slide seminar on post -transplant renal biopsy interpretation	Prof Ian Roberts
	01.00pm- 01.30pm	Live Stream Q & A on Renal Transplant Pathology	Prof Ian Roberts Prof Sulochana Wijetunge
	01.30pm- 02.00pm	Overview of non – neoplastic pancreatic lesions mimicking malignancy	Dr Antony Darne/ Beate Haugk
	02.00pm- 02.30pm	Practical approach to the diagnosis of ampullary tumours	Dr Antony Darne/ Beate Haugk
	02.30pm- 03.00pm	Macroscopic handling of pancreatobiliary specimens	Dr Antony Darne/ Beate Haugk
	03.00pm- 04.00pm	Quiz – ICON 2022	
	04.00pm- 04.30pm	Closing remarks	Dr Sonali Rodrigo & Dr Sandini Gunaratne
	04.30pm- 05.00pm	Tea
